1 TO THE COURT AND ALL PARTIES AND THEIR ATTORNEYS OF RECORD:

2 The undersigned Creditor hereby moves this Court for relief from the automatic stay
3 pursuant to 11 U.S.C. § 362(d)(1) hereinafter the "Motion" to allow this Creditor's action in
4 the United States Court of Appeals for the Ninth Circuit to continue, per docketed and attached
5 hereto Judicial Notice, hereinafter the "Lis Pendens in the Ninth Circuit Court", that was filed
6 long before the Debtor filed a petition for relief under Chapter 11 of the United States
7 Bankruptcy Code, which caused an automatic stay pursuant to 11 U.S.C. § 362(a).

8 This Motion is based on accompanying Declaration, Memorandum of Points and
9 Authorities set forth below, Request for Judicial Notice, and on such other and further
10 evidence and matters that the Court may consider at the Hearing on the Motion, including but
11 not limited on the massive volume of evidentiary moving papers and documents found therein
12 the Judicial Notice, that resulted from five years of litigating the Debtor.

13 This Motion should be, as well, based upon latest test by WECK LABORATORIES INC.
14 attached hereto for reference, which reconfirms that the Debtor never abated, nor cleaned the
15 Debtor's deadly by-products, Decomposed Arsenic, Uranium in Decay and Hexavalent
16 Chromium, that resulted from the Debtor's criminal in nature operations in the town of
17 Hinkley, California, where this Creditor resided, now a ghost town and virtually littered with
18 murdered human body, with remaining approximately 120 Victims, out of 3,600 inhabitants.

19 This Motion is triggered by the massive hemorrhaged injustice that resulted therefrom the
20 "tactical" and "premeditated" filed Chapter 11 in this Court, to procrastinate this Creditor's
21 Lis Pendens in the Ninth Circuit Court and in the U.S. District Court on remand, with utmost
22 disregard of human life and ongoing death (murdered) co-Creditors.

23 This Motion is also based upon this Creditor's pleas and prays not to be another dead
24 body, before having a day in court, being the Trial by Jury on the Merits, which Merits were
25 never considered by any Court to date, in fact, intentionally disregarded, further triggering the
26 Debtor to "get away with murder", under the disguise and cover of Debtor's Chapter 11.

27 This Creditor further prays that this Court should consider "Life and Dead" issue, before
28 Ordering Debtor out of Chapter 11 Bankruptcy, being confirmed, at expense of this Creditor.

MEMORANDUM OF POINTS AND AUTHORITIES

I. Introduction.

As asserted herein, and therein at all of that Volumes within the Judicial Notice, the Lis Pendens against the Debtor by this Creditor were triggered by the genuine and uncontroverted evidence, that was intentionally prevented to be heard in a Trial by Jury, by the two Judges of the U.S. District Court for the Central District of California, and to be before the trier of facts.

This Creditor Complaint was filed before all other cases, being by the gas explosion and fire victims, and the Complaint of this Creditor is considered to be one of the oldest of all.

In fact, because the Debtor used, since 1952, carcinogens in their operations in the Town of Hinkley, California, all Victims from that town were poisoned with the discovered in the year 2000 Hexavalent Chromium, and by the ongoing discovery to date, February 2020, of the Debtors by-products, being Decomposed Arsenic and Uranium in Decay, this Creditor Complaints are one of the oldest unresolved Lis Pendens, triggered by the extreme gross negligence exhibited by the Debtor, and unlawfully protected (cover-up) criminal acts by the State of California Lahontan Regional Water Quality Control Board, a corrupted State of California Agencies, bribed by the Debtor, and by the draconian unscrupulous, in fact, illegal acts by two judges from the U.S. District Court Central District of California – Riverside.

Furthermore, such unprecedented vicious bias and draconian prejudice are so obvious, when any one read the decision made by the two judges from the U.S. District Court Riverside.

As of today, all Creditors from the Related Cases, related case are all of those found in the docketed Judicial Notice, found attached thereto the Declaration by this Creditor, are destined to die (murdered by the Debtor), due to EXTREMELY DAMAGED IMMUNE SYSTEM CAUSED BY (“CAUSATION”) DEBTORS BY-PRODUCTS, IF CREDITORS TESTS POSITIVE CORONAVIRUS-19. Blood on the hands of all who ruled against this Creditor.

II. Arguments

A Legal Standard

A party may move for relief from automatic stay under 11 U.S.C. § 362, which provides that a bankruptcy court shall grant relief from stay upon a showing of cause. (11 U.S.C. §362(d)(1).

1 The Court determines cause on a case by case basis. *Christensen v. Tucson Estates, Inc.* in re
2 *Tucson Estates, Inc.* 912 F.2d 1162, 1166 9th Cir.1990 (citation omitted). In determining
3 whether cause exists to permit an action to proceed in a non-bankruptcy forum, courts often
4 analyze the twelve factors set forth in *In re Curtis*, 40 B.R. 795 bankr.D. Utah 1984. These
5 factors, known as the *Curtis* factors, are:

- 6 1. Whether the relief will result in a partial or complete resolution of the issues;
- 7 2. The lack of any connection with or interference with the bankruptcy case;
- 8 3. Whether the foreign proceedings involves the debtor as a fiduciary;
- 9 4. Whether a specialized tribunal has been established to hear the particular case of
10 action and whether that tribunal has the expertise to hear such case;
- 11 5. Whether the debtor's insurance carrier has assumed full financial responsibility for
12 defending the litigation;
- 13 6. Whether the action essentially involves third parties, and the debtor functions only as
14 a bailee or conduit for the goods or proceeds in question;
- 15 7. Whether the litigation in another forum would prejudice the interests of other
16 creditor's, the creditor's committee and other interested parties;
- 17 8. Whether the judgment claim arising from the foreign action is subject to equitable
18 subordination;
- 19 9. Whether movant's success in the foreign proceeding would result in a judicial lien
20 avoidable by the debtor under Section 522(f);
- 21 10. The interest of judicial economy and the expeditious and economical determination of
22 litigation for the parties;
- 23 11. Whether the foreign proceedings have progressed to the point where the parties are
24 prepared for trial; and
- 25 12. The impact of any stay and the balance of hurt.

26 *Curtis*, 40 B.R. at 799-800 (internal citation omitted); see also *In re Roger*, 539 B.R. 837,
27 844-45 (C.D. Cal.2015); *In re Howrey*, 492 B.R. 19,24 (Bankr. N.D. Cal.2013); *Truebro, Inc.*
28 *v. Plumberex Specialties Products, Inc.*, 311 B.R. 551,559, (Bankr. C.D. Cal.2004).

The Ninth Circuit has recognized that “the *Curtis* factors are appropriate, nonexclusive,
factors to consider in deciding whether to grant relief from the automatic stay to allow pending
litigation to continue in another forum.” (*In re Kronemyer*, 405 B.R. 915, 921 (9th Cir. BAP
2009).) While the *Curtis* factors are widely used to determine the existence of cause, not all of
the factors are relevant in every case, nor is a court required to give each factor equal weight.
(*Plumberex*, 311 B.R. at 560.) The most important factor in determining whether to grant relief
from the automatic stay to permit litigation against the debtor in another forum is the effect of

1 such litigation on the administration of the estate.” (*Roger*, 539 B.R. at 846, citing *Curtis*, 40
2 B.R. at 806.)

3 **B. Application of the Curtis Factors**

4 **(Factors 3, 6, 8, and 9 are inapplicable to this matter.)**

5 **1. Whether the relief will result in a partial or complete resolution of the issues**

6 In the context of this bankruptcy case, this Creditor has potential claim that is yet to be
7 disputed by the Debtor. Further, the Debtor must address this Creditor’s claim in its
8 reorganization plan, and if an objection is made and not resolved, the issue of voting by this
9 Creditor would need to be addressed. Relief from stay as requested by this Creditor completely
10 resolves these issues. **This factor favors relief from stay.**

11 **2. The lack of any connection with or interference with the bankruptcy case**

12 The resolution of the Ninth Circuit Court and the U.S. District Court will not interfere with
13 the bankruptcy case. **This Creditor did not cause the bankruptcy** and will not be a
14 significant matter in the bankruptcy case. Furthermore, the litigation expense itself is
15 “irrelevant to this *Curtis* factor” and has been repeatedly held to be legally impermissible as
16 basis for denying stay relief. (*Roger*, 40 B.R. at 847, 848, citing and quoting *Santa Clara City*
17 *Fair Ass’n*), 180 B.R. 564, 566,-67 (9th Cir.BAP 1995)(Originally, litigation costs to a
18 bankruptcy estate do not compel court to deny stay relief.) **This factor favor relief from stay.**

19 **4. Whether a specialized tribunal has been established to hear the particular cause**
20 **of action and whether that tribunal has the expertise to hear such cases**

21 The Ninth Circuit has direct and detailed moving papers, documents, exhibits of the genuine
22 and uncontroverted issues as well as the application of federal laws toward those issues. **This**
23 **factor leans toward relief from stay.**

24 **5. Whether the debtor’s insurance carrier has assumed full financial responsibility**
25 **for defending the litigation**

26 It is quite possible that the Debtor maintains insurance, which would cover this Debtor’s
27 claim; however, the stay in this case prevents this Creditor from conducting discovery.

28 **Nevertheless, this factor favors relief from stay.**

1 **7. Whether the litigation in another forum would prejudice the interest of other**
2 **creditor's, the creditor's committee and other interested parties**

3 This Creditor actions against the Debtor are all in the federal courts. Other actions not in
4 any court, but before Law Enforcement Government Agencies are not part of the Debtor's
5 bankruptcy. Should it be determined that the Debtor's insurance covers Creditor's claims for
6 damages then the Debtor's creditors will not be affected by this claim. **This factor favors**
7 **relief from the stay.**

8 **10. The interest of judicial economy and the expeditious and economical**
9 **determination of litigation for the parties.**

10 "Where a bankruptcy court may abstain from deciding issues in favor of an imminent
11 federal court trial involving the same issues, cause may exist for lifting the stay so as to the
12 federal court trial. *"(In re Tucson Estates, Inc., 912 F.2d at 1166). Judicial economy will be*
13 **well served by granting relief from stay, including but not limited to settle the case for**
14 **the claimed amount, rather than continue with the review of the massive Volumes of all**
15 **claims by the Ninth Circuit and District courts on remand, which will trigger substantial**
16 **cost and no judicial economy. The Debtor, by initially manipulating the District Court**
17 **for the Central District of California created such huge cost to all courts, disregarding**
18 **judicial economy. Creditors have barely money to put food on the table and are not able**
19 **to cough up with money for this motion. The Debtor are guilty for no judicial economy.**
20 *See In re Kronemyer, 405 B.R. 915, 922-923 (B.A.P. 9th Cir. 2009.) The Federal courts action*
21 **involves issue of federal laws, not bankruptcy issues.**

22 "[T]here can be no question that it would be 'more appropriate' for the non-bankruptcy
23 court 'to first determine the non-bankruptcy issues, i.e., whether a claim exists and the damages
24 therein ([W]rongful Death) if any. After such determination, then the bankruptcy issue would
25 become relevant.'"*(In re America West Airlines, 148 B.R. 920, 924-925 (D.Ariz. 1993).)*
26 **[I]t would be waste of [bankruptcy court's] judicial resources to attempt to estimate the**
27 **claim and its priority. (Id., 925; See also, In re Roger 539 B.R. 837; In re Pac. Gas & Elec.**
28 **Co., 279 B.R. 561, 570-71 (Bank N.D. Cal.2002)(finding that where law issues predominate**

over bankruptcy issues” and where all claimants “commenced litigation is in federal courts prior to petition date”, abstention is favorable.).)

Many cases have held that a district court may properly consider the factor of judicial economy in deciding whether to lift an automatic stay. (*See Transamerica Insurance Co., v. Olmstead (In re Olmstead)*, 608 F.2d. 1365, 1368 (10th Cir. 1979); *Harris v. Fidelity & Deposit Co. (In re Harris)*, 7 B.R. 284 (S.D. Fla. 1980).). Here, there is no prejudice to the bankruptcy estate, only advantage. Furthermore, San Francisco is extremely farther than Hinkley,

11. Whether the foreign proceedings have progressed to point of prepared for a Trial

“Courts in the Ninth Circuit have granted relief from stay under § 362(d)(1) when necessary to permit pending litigation to be conclude in another forum if the non-bankruptcy suit involves multiple parties or ready for trial. “(*In re Plumberex Specialty Products, Inc.*, 311 B.R. 551, 566 (Bakr. C.D. Cal.2001) 9Citing Tucson Estates, 912 F.2d at 1166).)

Due to multiple parties – all related cases, this factor favor relief from stay.

12. The impact of the stay and the balance of hurt

This Creditor stands to face significant harm (Dead by Murder, a Wrongful Death) should the stay persists. The stay have further contributed Extreme Infliction in Emotional Distress, on top of this creditor deteriorated to a point of killed the immune system, and due to such massive damage, CORONAVIRUS -19 will KILL INSTATLY this Creditor.

THE IMPACT OF THE STAY, OVER A YEAR NOW, WITHOUT RELIEF, AND WITHOUT SETTLEMENT OF THE CLAIM IN THIS COURT, HAVE NOT ONLY PREJUDICED THIS CREDITOR, NOT ONLY HERT IRREPRABLY THIS CREDITOR, BUT IS NOW AT THE TIPING POINT OF DEAD – MURDERED BY THE DEBTOR AND BY THE JUDICIAL HEMORRHAGED SYSTEM.

III. Conclusion

For the reasons outlined above, it is believed that relief from the automatic stay should be granted so that the actions in the Federal Courts be continue to judgment for the purpose of fixing the amount of this Creditor’s claim in the Debtor’s bankruptcy case. The relevant Curtis factors all point to relief of stay. The Massive Complaints are to continue.

DECLARATION AND REQUEST FOR JUDICIAL NOTICE IN SUPPORT OF MOTION
FOR RELIEF FROM AUTOMATIC STAY BY THE UNSECURED CREDITOR IN PRO SE.

1 The undersigned Creditor hereby declares as follows:

2 1. This Declaration is made and submitted in support of this Creditor Motion for Relief
3 from Automatic Stay by this Creditor hereinafter the "Motion" and in support of this Request
4 for Judicial Notice.

5 2. Except as otherwise indicated, all statements set forth in this Declaration are based
6 upon personal knowledge or review of relevant records and documents, including but not
7 limited to review and use of related cases relevant records and documents, whether all
8 excerpted therefrom, or otherwise applied to this Declaration and all other moving papers and
9 documents. If called upon to testify, due to deteriorated Creditor's body's immune system,
10 triggered by poisoned body of this Creditor with the Debtor's poisonous by-products present
11 in the entire operation of the Debtor's facility and aquifer in the town of Hinkley, California,
12 whether Decomposed Arsenic, and/or Uranium in Decay and/or the "draconian" Hexavalent
13 Chromium, use in the Debtor's facility located in Hinkley California, this Creditor may not be
14 able to be present at any location of the Bankruptcy Court and can hardly communicate
15 telephonically. This Creditor is now destined to die if easily poisoned CV-19, MURDERED.

16 3. This Creditor have been tested and show positive by the tests conducted by MYO
17 CLINICAL LABORATORY, being poisoned at up to 500% over the legal limits, codified into
18 law by United State Environmental Protection Agency, whether with the deadly Decomposed
19 Arsenic, and/or Uranium in Decay, and/or with [N]ever removed from the town of Hinkley
20 Aquifer Hexavalent Chromium, as to all being carcinogens, and not only deadly, but have
21 drastically diminish the resistance of the Creditor's immune system to CV-1. A Criminal Act.

22 4. The entire Aquifer where Creditor resided have being poisoned with one or more of
23 the Debtor's by-products, and was tested by WECK Laboratories, Inc., not only tested positive
24 but up to 6,000 % over the legal limits codified into law by United State Environmental
25 Protection Agency, and on top of all genuine and uncontroverted evidence, there is a Docketed
26 Letter in both courts, the U.S. District and the Ninth Circuit, from the Debtor top executive to
27 State of California Lahontan Regional Water Quality Control Board, that clearly states that the
28 Debtor is also responsible for poisoning with Arsenic, Uranium and Hexavalent Chromium.

1 5. Furthermore, the major engineering and testing company ARCADIS USA Inc. have
2 tested over a thousand water wells in the town of Hinkley, California and all tests exhibited
3 massive poisoning with the Debtor's by-product Uranium in Decay, way over the legal limits,
4 to 700% over. On top of all that testing the United States Geological Survey also tested the
5 entire Aquifer in the town of Hinkley, California, for Debtors by-products: Decomposed
6 Arsenic, Uranium in Decay and Hexavalent Chromium, and all test showed positive, for all
7 carcinogens and deadly by-products.

8 6. However, the District Court judges, Hon. Kenly Kyia Kato, Magistrate Judge and the
9 judge assigned to this Creditor case, the Hon. Dolly M. Gee, intentionally, with draconian bias
10 and prejudice, totally ignored all of the facts, all of the conceded guilt by the Debtor, all of the
11 test of the human body of this Creditor, test construed as the ultimate tests by experts, who are
12 currently involved in testing massive population for CV-19, being MAYO CLINICAL
13 LABORATORY, and without any due process of law, nor ethics, nor following the F.R.C.P.
14 whatsoever, manufactured lies, and only and without any de novo, intentionally, ignored all of
15 the genuine and uncontroverted evidence, and only asserted that the this Creditor have
16 presented "Hersey", "Unauthenticated Exhibits" and "Lay Opinions". We all must ask in
17 front of Federal Bureau of Investigation, if MAYO CLINICAL LABORATORY tests' reports
18 are "Hersey", "Unauthenticated Exhibits" and "Lay Opinions". If that is not true, then the two
19 judges have committed hemorrhaged justice, and must be removed from this Creditor case,
20 when remanded. Unless, the three judges panel from the Ninth Circuit are blindfolded, and
21 clearly see the "conspiratorial behavior of the District Court judges, this Creditor case must be
22 remanded with other judges and tried by a Jury Trial, after being remanded.

23 This Creditor prays for Just and Proper, as well as not die by wrongful death (murdered)
24 prior to review by this Court of the massive volume of genuine and uncontroverted evidence
25 (over thousands of pages) found therein at Docketed JUDICIAL NOTICE 1 Attachment, and
26 take a Judicial Notice, as well as rule on this Creditor's Motion, in favor of Creditor, or in the
27 alternative, order that Debtor resolves this Creditor Claim, in this Bankruptcy Court, rather
28 than triggering massive complaints filings, Ethics and Criminal in nature, by this Creditor.

3 St., Riverside, California 92501 at the Video Hearing Room 126, with the Hon. Scott C.
4 Clarkson, alternate presiding judge, this unsecured Creditor will bring on a preliminary
5 hearing its motion for relief from the automatic stay pursuant to 11 U.S.C. 362(d)(1)
6 hereinafter the “Motion”, to allow any and all appellate proceedings in the UNITED STATE
7 COURT OF APPEALS FOR THE NINTH CIRCUIT PASADENA, CALIFORNIA, with
8 three judges panel, the Hon. Carlos Tiburcio Bea; Hon. Patrick J. Bumatay; Hon. Lawrence
9 VanDyke, hereinafter the “Ninth Circuit”.

10 PLEASE TAKE FURTHER NOTICE THAT this Creditor was deprived by the Debtor’s
11 automatic stay to: (1) Seek Jury Trial, when this Creditor-Plaintiff-Appellant case is remanded
12 by the Ninth Circuit to the U.S. District Court Central District of California Riverside,
13 hereinafter the “District Court”, based upon the true, genuine /uncontroverted Trier of Facts,
14 which were intentionally removed from the records, by braking most of the District Court own
15 rules, local rules and these applicable rules by the F.R.C.P., in a “draconian”, prejudicial and
16 biased manner, removed from the records by the Magistrate Judge Hon. Kenly Kiya Kato, and
17 by the district judge Hon. Dolly M. Gee, which illegal acts by both judges caused the District
18 Court case to be accepted by the Ninth Circuit; (2) deprived by the Debtor’s automatic stay to
19 file Peremptory Challenge against the District Court judges, Hon. Kenly Kiya Kato, and Hon.
20 Dolly M. Gee, and seek other judges to preside in the demanded Jury Trial by this Creditor;
21 (3) Deprived to seek Criminal Referrals by the law enforcement authorities against the Debtor,
22 who was found guilty and declared a Felon in another jurisdiction and venue who has caused
23 wrongful death (Murder), to many of the Creditors, poisoned with the Debtors by-products.

24 PLEASE TAKE FURTHER NOTICE THAT as provided in Local Rule 9014-1, any
25 objection to the requested relief, or a request for hearing on the matter, must be filed and served
26 upon the initiating party within 21 days of mailing the notice, but not later than May 5, 2020.
27 As provided in Local Rule 4001-1(a), the Debtor is advised not only to appear, but to either
28 Object to this Creditor’s Motion, or in the alternative, offer to settle the case for \$ 700,000.

Item	Definition
M-02	Due to the nature of matrix interferences, sample was diluted prior to preparation. The MDL and MRL were raised due to the dilution.
% Rec	Percent Recovery
Dil	Dilution
dry	Sample results reported on a dry weight basis
MDA	Minimum Detectable Activity
MDL	Method Detection Limit
MRL	The minimum levels, concentrations, or quantities of a target variable (e.g., target analyte) that can be reported with a specified degree of confidence. The MRL is also known as Limit of Quantitation (LOQ)
ND	NOT DETECTED at or above the Method Reporting Limit (MRL). If Method Detection Limit (MDL) is reported, then ND means not detected at or above the MDL.
NR	Not Reportable
RPD	Relative Percent Difference
Source	Sample that was matrix spiked or duplicated.
TIC	Tentatively Identified Compound (TIC) using mass spectrometry. The reported concentration is relative concentration based on the nearest internal standard. If the library search produces no matches at, or above 85%, the compound is reported as unknown.

Any remaining sample(s) will be disposed of one month from the final report date unless other arrangements are made in advance.
